KRISTI NOEM

Governor of South Dakota

Dear M [REDACTED]

There are certain indelible images inscribed not just on our monuments and plaques, but in the hearts and minds of the American people.

This **\$2 bill** bears one of my favorites.

On one side, there's the third president of the United States, Thomas Jefferson. And on the other side, it depicts one of the most important images from our nation's founding, the presentation of the Declaration of Independence at Philadelphia's Independence Hall in 1776.

I hope you'll keep this **\$2 bill** and show it to your children and grandchildren, so they know the truth about the founding of this great nation (which is tragically ignored or sneered at in many schools today).

Exactly two months ago, you and I witnessed something rare... the making of another indelible image.

300 miles due west of Independence Hall in Butler, Pennsylvania.

The forty-fifth president of the United States, Donald J. Trump, covered in blood and raising his hand to the crowd and exhorting them – and exhorting you and I – to *"Fight! Fight! Fight!"*

M [REDACTED] how will you answer the call?

For me, it's simple. I've been on the campaign trail since that day. And I'm determined to stay on the campaign trail and meet with as many voters as I possibly can between now and November 5th.

You and I have less than two months to go.

The events of July 13th came down to a matter of inches. A matter of inches makes all the difference between an attempted-assassination and an actual assassination, between life and death. And, in this election, a matter of inches makes

all the difference between victory and defeat, greatness and failure.

That's why I'm enclosing this 1st Class Stamp and am asking you to use it to renew your support for Kristi PAC in the next 48 hours.

You know, M [REDACTED] there are a lot of conspiracy theories floating around and a lot of charged rhetoric being thrown around about the events of July 13th, 2024.

But I think the history books will confirm that there was one "plot" coordinated at the highest levels of power that did take place.

It wasn't the shooting of President Trump.

It was what the media reported as the "passing of the torch" from Joe Biden to Kamala Harris, which you and I both know is not something he did willingly but was forced to do by party elders like Nancy Pelosi.

So what if 14 million primary voters had already cast their ballot?

So what if the same conspirators behind this plot had spent years assuring us that Joe Biden was fit as a fiddle, and ensured that he received no challenges in the primary process?

And so what if delegates wanted an open process to determine a replacement?

This assault on democracy was planned far in advance and it was specifically planned to take place right on the heels of the Republican National Convention so as to prevent President Trump from receiving the traditional "bounce" in the polls coming out of the convention.

You want to know the worst part?

If Kamala Harris and Tim Walz are declared the winners on November 5th, then the Democrats will have gotten away with the biggest heist in electoral history.

What's more, the indelible "*Fight! Fight! Fight!*" image will become merely a footnote in the story of how the Harris-Walz Administration went on to completely destroy our economy, our border, and our nation's future.

You and I cannot let that happen. Like I said, it's a game of inches. The

leftwing media and the Hollywood celebrities have unleashed their full might, their full influence to make this a “vibe election.”

I’m not kidding.

Because any time Kamala Harris opens her mouth and attempts to speak about what she actually would do as president, her poll numbers plummet.

Case in point: Soviet-style price controls.

My [REDACTED] no amount of celebrity fawning or media drooling, can change the fact that Kamala Harris is the incumbent in this race... she is the status quo.

Nonetheless, the media is desperately working to bury their own reporting which referred to Biden appointing Kamala as his Border Czar.

They’re working just as feverishly to ignore Kamala’s own words bragging about casting the deciding vote for the “Inflation Reduction Act” which did the exact opposite of what she said it would do.

And they’re in an absolute frenzy to hide the fact that – for four years – Kamala Harris had a closer view and did more than any other politician to perpetrate the lie that Joe Biden was cognitively fit to serve.

If you’re wondering why, ask yourself, “*cui bono*” or... who benefits?

Clearly, Kamala Harris benefited.

It’s the reason she is, today, the Democratic Nominee.

Now, [REDACTED], it falls to us – you and me – to determine whether she will become this nation’s 47th president.

Like I said, it’s a game of inches.

Despite all the media/Hollywood hype, as of this writing, President Trump still leads the polling in the eight swing states that will determine this election.

Of course, you’ll never hear this reported. You see, they want to demoralize our side and keep our voters at home on Election Day, meanwhile their ballot-

harvesting machine is working around the clock.

This would be a massive mistake. Again, that's why I'm sending you this 1st Class Stamp and asking you to use it rush an emergency \$360 renewal back to KRISTI PAC in the next 48 hours. There's no time to lose.

Like I said, the election is now less than two months away. Now is the time to be ramping up our intensity... doing more events... talking to more voters... making more phone calls... running more ads... doing more interviews... putting out more yard signs... banking more absentee and early ballots.

All of it.

Remember, the actions you take right now in response to my letter will determine whether the events of July 13th become an indelible image or merely a footnote in our nation's history.

Look at this **\$2 bill** again.

Now, imagine if the events of 1776 had gone differently. Imagine Thomas Jefferson and the rest of our founders in chains. Imagine "Independence Hall" occupied by the British or burned to the ground. Imagine those events being footnotes to history rather than indelible images in our minds and hearts.

These are the stakes. So, please hurry. I need to hear back from you today to know whether KRISTI PAC will have enough in the tank to keep fighting at maximum capacity through November 5th.

Thank you for your time today.

Sincerely,

A handwritten signature in blue ink, which appears to read "Kristi Noem". The signature is fluid and cursive, with a long horizontal flourish at the end.

Gov. Kristi Noem

P.S. The "inches" you and I need in order to win on November 5th are all around us. Every day, moment by moment, you and I climb because we know success isn't given, it's earned. Inch by inch. Across our nation Americans know this truth. We've worked harder. We've fought longer. And we've reached higher to catch our break. Only to have slipped further behind because our leaders have failed us. But we won't be held down. Like every great generation before us we will rise to the challenge. For every family, for every freedom, for every inch, we choose to "*FIGHT! FIGHT! FIGHT!*" Join me today!

Fight!

Fight!

Fight!
